## **NetDragon Announces the First Expansion Pack 'The Awakening of Justice' for Disney Fantasy Online**

[28 September, 2010 Hong Kong] NetDragon Websoft Inc. ("NetDragon" or the "Company"; Stock Code: 777), a leading online game developer and innovator in China, announces that Disney Fantasy Online's first expansion pack "The Awakening of Justice" was released on 27 September, 2010.

As the world's first Disney-themed MMORPG created in collaboration with Disney Interactive Media Group, Disney Fantasy Online has enjoyed the fervent support of players due to the excellent quality of its classic Disney content since its opening of beta test in May 2010. The EP "The Awakening of Justice" will add two new professions "charmer" and "nobleman", which will help to better improve and balance the game's profession system. In addition, players can experience novel features such as strengthened weapons after evolution and partner weapon system.

Additionally, NetDragon will soon introduce the "Fourth Generation Chatting System" which knocks down the walls that previously confined players to a game-specific chatting room. The new chatting system enables a player to reach players in other NetDragon games and to interact via this cross-game platform. NetDragon believes that this design innovation will enhance users' stickiness and extend products' life cycle.
