

[For Immediate Release]

## NetDragon Launched New EP “Invasion of Pirates” for Conquer Online

[6 December 2011, Hong Kong] NetDragon Websoft Inc. (“NetDragon”; Stock Code: 777), a leading developer and operator of online games and mobile Internet platforms in China, is pleased to announce that the new Chinese EP, Invasion of Pirates, for the company’s online game Conquer Online was launched in China on December 2, 2011.

Invasion of Pirates, the 8<sup>th</sup> Chinese EP for Conquer Online, features new stories, weapons and skills, creating yet more spectacular battle scenes while bringing the resources available to each team more into balance and greatly enriching content resources. The R&D team equipped the Pirates class in the new EP with muskets for attacks launched at long distances and swords for close up battles. These improvements are expected to significantly improve the appeal of the classic title.

As NetDragon’s most successful product in overseas markets, Conquer Online will launch Invasion of Pirates in several languages. The English version of Conquer Online is expected to take the lead in launching this new EP in mid-January 2012 when players abroad will be able to enjoy the heightened experience provided by the game’s new class.

### About NetDragon

**NetDragon Websoft Inc.** is a leading innovator and creative force in China’s online gaming and mobile internet industries. Established in 1999, we are a vertically integrated developer & operator of MMORPGs and a cutting-edge R&D powerhouse. We launched our first self-made online game Monster & Me in 2002, followed by multiple titles including Eudemons Online, Conquer Online, Heroes of Might & Magic Online and Disney Fantasy Online. We are also China’s pioneer in overseas expansion, directly operating titles in overseas markets since 2004 in English, Spanish, Arabic and other languages. Our online games currently in development include Dungeon Keeper Online, TRANSFORMERS Online, Absolute Force, icombo, and a new version of Ultima Online. In the mobile Internet industry, we provide China’s leading marketplace for smartphone users, offering applications and content for the most popular mobile operating systems. NetDragon owns many well-known mobile Internet products, including 91 Panda Reader, 91 PC Suite, 91 Panda Space, sj.91.com and hiapk.com.
