About NetDragon

NetDragon Websoft Inc. (HKSE: 0777) is a leading innovator and creative force in China's mobile internet industry. Established in 1999, NetDragon is a vertically integrated, cutting-edge R&D powerhouse with a highly successful track record which includes the development of flagship MMORPGs such as Eudemons Online and Conquer Online, China's number one online gaming portal, 17173.com, and China's most influential smartphone app store platform, 91 Wireless, which was sold to Baidu in what was at the time the largest internet M&A transaction in China in 2013. Being a China's pioneer in overseas expansion, NetDragon directly operates a number of game titles in over 10 languages internationally since 2003. NetDragon continues to strive for developing mobile games and software applications for users. In recent years, NetDragon has also becoming a major player in China's online and mobile education industry as it works to leverage its mobile internet technologies and operational know-how to make fun and effective learning tools.
