

NetDragon's Promethean Introduces the All-New ActivPanel to Deliver a Transformational and Intuitive User Experience

(Hong Kong, 28 June 2022) NetDragon Websoft Holdings Limited ("NetDragon" or "the Company", Hong Kong Stock Code: 777), a global leader in building internet communities, is pleased to announce that its subsidiary Promethean, a leading global education technology company, just released the all-new ActivPanel with ActivSync that delivers the most robust, seamless, and secure user experience yet. With the new interactive panel, Promethean meets the needs of teachers and IT administrators with intuitive, cutting-edge technology that enables a seamless classroom experience. With its easy, secure sign-in options, streamlined connection to content, flexible lesson delivery software, and personalized user experience, ActivPanel 9 offers the tools needed to transform how teachers use technology.

The all-new ActivPanel

Promethean's all-new ActivPanel 9

ActivPanel 9 is the only interactive panel with ActivSync, Promethean's patented technology, which eliminates digital barriers between devices and enables increased connectivity, customizable settings, and enhanced mobility so that teachers can move around the classroom freely. Furthermore, Promethean redesigned the user experience, providing a solution for instructional models, such as hybrid, synchronous, and asynchronous learning that integrate hardware and software in all scenarios. The all-new ActivPanel offers two models, ActivPanel 9 and ActivPanel 9 Premium, and it includes new features with enhanced simplicity, connectivity, security, adaptability,

and longevity, to address the key needs of educators.

“With our commitment to providing educators with the ability to transform learning and collaboration, ActivPanel 9 is our most innovative release to date,” said Lance Solomon, Chief Product Officer at Promethean. “We addressed the challenges teachers, IT administrators, and district officials face by creating an interactive panel that is more secure, easier to use, and works better with other technologies in their classrooms.”
